DETAILED ACTION

1. This action is in response to applicant's amendment filed on November 3, 2004. **Claims 16, 23-26** are now pending in the present application.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose or render obvious, alone or in combination, claims 16,23-26. The subject claims are directed to a method for routing a call from a calling party to a calling party using a Geographic Information System. Specifically regarding claim 16, the prior art of record does not teach or suggest the feature of obtaining a menu of choices with an associated list of forwarding telephone numbers of the called party from the GIS system at the service control point and providing the menu option to the calling party for call routing to a selected called party that corresponds to the menu option and forwarding number of the menu option in combination with having the forwarding numbers from the GIS being sent to the SCP prior to the user selecting an option from the menu.

The previously applied prior art of record Hanson in view of Shaffer discloses of a method for using a GIS system to connect a calling party to a called party. The prior art of record failed to teach the feature of obtaining a menu of choices with an associated list of forwarding telephone numbers of the called party from the GIS system at the service control point and providing the menu option to the calling party for call routing to a selected called party that corresponds to the menu option and forwarding number of the menu option in combination with having the forwarding numbers from the GIS being sent to the SCP prior to the user selecting an option from the menu.

Art Unit: 2645

The remaining prior art of record fails to teach the above feature or provide a motivation to add such a feature.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 16,23-26 have been renumbered to claim 1-5 respectively.
